Message from the Vice Chancellor

I am pleased to present our University's Annual Report, highlighting key achievements from the past year. This also marks five years since our transformation from a college to a university—a milestone made possible by our dedicated faculty, driven students, and supportive stakeholders.

Bhattadev University, evolving from the legacy of Bajali College, has completed five successful years and continues its pursuit of academic excellence. It currently offers diverse academic programs across 19 departments—17 offer Ph.D. programs, 13 offer postgraduate courses, and all provide Four Year Undergraduate Programmes (FYUGP) under NEP 2020, including three integrated programs. The university has a student population of 3,027, with 63% female

and 37% male. The demographic composition includes 60.4% from the unreserved category, 23.9% OBC/MOBC, 9.36% SC, 6.23% ST(P), and 0.14% ST(H). Additionally, 18 colleges from the Barpeta and Bajali districts, with around 15,000 students, were recently affiliated. In 2023–24, new postgraduate programs were launched, followed by further additions in 2024–25, including Computer Science and Engineering, and Sociology. The university also introduced a Five-Year Integrated M.Com. and M.Sc. programs in Botany and Statistics, as well as a B.A. Honours in Mass Communication and Journalism. Ph.D. programs began in 2021, and the first two scholars received their degrees in 2025.

The first convocation of Bhattadev University was held on 29th March 2025. A total of 1,920 students received their degrees, including 2 Ph.D. scholars, 496 postgraduates, and 1,422 undergraduates. Of them, 66 were awarded Gold Medals for outstanding academic performance. A Ph.D. (Honoris Causa) was also conferred on the renowned theatre activist and cultural icon, Sri Krishna Roy Ji.

In 2025, Bhattadev University became a member of the Association of Indian Universities (AIU). For the first time, our students participated in a zonal-level event at the Tarang Utsav—AIU North-East Zone Inter University Youth Festival (UNIFEST) held at ICAI University, Tripura.

Despite being a young institution, Bhattadev University has made notable strides in research and development. It has secured sponsored projects from national agencies such as DST, INSA, DBT, and ASTEC. Faculty and students actively contribute to a growing research culture, with publications in reputed journals listed under UGC-CARE, Scopus, and Web of Science.

Though still in its early stages, Bhattadev University has set ambitious goals for the future. It plans to establish a Centre for Indian Knowledge System and a Centre for Skill Development to promote research on ancient Indian knowledge and enhance skill-based education across disciplines.

The new campus at Medhikuchi, about 5 km from the current location, is nearing completion. The construction agency is expected to hand it over within one to two months. We are hopeful that we will be able to begin our programs at the new campus in the next academic session.

I am pleased to share that Bhattadev University has been awarded ₹20 crores under the PM-USHA programme. This funding will support the development of new infrastructure and advanced research facilities, strengthening our academic initiatives. We sincerely thank the Higher Education Department, Government of Assam, and the Ministry of Education, Government of India, for this recognition and support.

As we step into the next phase of our evolution, our focus will be on consolidating our gains, scaling new heights in research and innovation, and nurturing responsible global citizens. This year, we have also taken meaningful steps toward fostering a more inclusive and equitable university environment. Diversity, accessibility, and social responsibility remain at the heart of our mission.

I express my deepest gratitude to our academic and administrative teams, our alumni, and all those who have been part of this transformative journey. Together, we have laid a strong foundation — and the best is yet to come.

JAYATO BHATTADEV UNIVERSITY!

With warm regards
Professor Dhanapati Deka
Vice Chancellor

A Profile of Bhattadev University, Bajali

Bhattadev University, Bajali stands as the fulfillment of a long-cherished dream of the people of the greater Bajali region in Assam. It officially came into existence on June 24, 2019, with Prof. Birinchi Kumar Das assuming office as the first Vice-Chancellor. The university evolved from the esteemed Bajali College, an institution with a rich legacy of over six decades, widely recognized as one of Assam's leading centers of higher education.

Established under the Bhattadev University Act, 2017 - passed by the Assam State Legislature and assented to by the Governor on October 16, 2017 - the university bears the name of Baikunthanath Bhagavat Bhattacharya, famously known as Bhattadev. Revered as the father of Assamese prose, Bhattadev was a distinguished scholar of Sanskrit grammar and literature, whose profound knowledge of the Shrimadbhagavata Purana earned him the title Bhagavat Bhattacharya.

The foundation of Bajali College was the result of the vision, perseverance, and contributions of several prominent individuals of the Bajali area, alongside the immense sacrifice of the local agrarian community, who funded the college through the proceeds of their rice paddy sales. Under the dynamic leadership of Kameswar Das, a Gold Medalist from Calcutta University, Bajali College grew rapidly from its humble beginnings in 1955, achieving a reputation for academic excellence, especially in the sciences.

It is noteworthy that Bajali College introduced postgraduate programs in Geography and Zoology as early as the 1980s. The postgraduate program in Geography holds particular significance, being the second oldest in Assam after Gauhati University.

Bajali College endeavoured in its pursuit of academic excellence and, as expected, it was accredited with "A" Grade in its 2nd cycle of NAAC Assessment in the year 2016.

Despite being in its early stages, Bhattadev University introduced a postgraduate programme in Physics in its very first year. Building on this momentum, the University launched a five-year Integrated M.Sc. programme in Chemistry, Integrated M.A in Sanskrit and Integrated MCom starting from the 2022–2023 academic session. Currently, Bhattadev University offers postgraduate programmes in Mathematics, Assamese, Zoology, Geography, Physics, Chemistry, Commerce, Economics, English, Statistics, Philosophy and Political Science.

In a significant academic milestone, the University also initiated Ph.D. research programmes in several disciplines beginning in 2021. Further expanding its footprint, the Government of Assam has allotted a larger plot of land at Medhikuchi, near the existing campus, to establish a second campus. Construction at this new site is already underway, supported by substantial government funding.

Simultaneously, efforts are being made to upgrade and refurbish the infrastructure at the existing Pathsala campus, aligning with the implementation of the National Education Policy (NEP) 2020 from the 2023–2024 academic year. To strengthen its academic foundation, the University recently appointed 17 talented individuals as Assistant Professors across various departments. Additionally, preparations are underway to recruit the vacant positions of Professors, Associate Professors, and Assistant Professors in sanctioned posts under the dynamic leadership of the current Vice Chancellor, Prof. Dhanapati Deka. Recruitment of non-teaching staff members against sanctioned posts is also actively in progress.

• Summary of Programmes offered

The university offers a range of undergraduate (UG), postgraduate (PG), and Ph.D. programmes across disciplines such as Arts, Science, and Commerce.

Programs Offered

1. Undergraduate (UG) Programs :

- B.A. (Honours) in subjects like Assamese, Economics, Education, English, Geography, History, Political Science, Philosophy, Sanskrit, and Mass Communication & Journalism.
- B.Sc. (Honours) in Botany, Chemistry, Economics, Geography, Mathematics, Physics, Statistics, and Zoology.

2. Postgraduate (PG) Programmes :

- M.A. in Assamese, Economics, English, Political Science, Philosophy
- M.Sc. in Botany, Chemistry, Geography, Mathematics, Physics, Statistics and Zoology
- M.Com

3. Integrated Masters (IM) Programmes :

- in Chemistry, Commerce and Sanskrit

4. Ph.D. Programmes :

- Ph.D. programs in Assamese, Economics, English, History, Philosophy, Sanskrit, Botany, Chemistry, Geography, Mathematics, Physics, Statistics and Zoology

Admission Process

1. Undergraduate Admissions: Eligibility: Candidates must have passed the Higher Secondary (10+2) examination or equivalent with a minimum of 60% marks in the subject they wish to pursue Honours in. Selection Criteria: Admissions are based on merit, considering marks obtained in the qualifying examination.

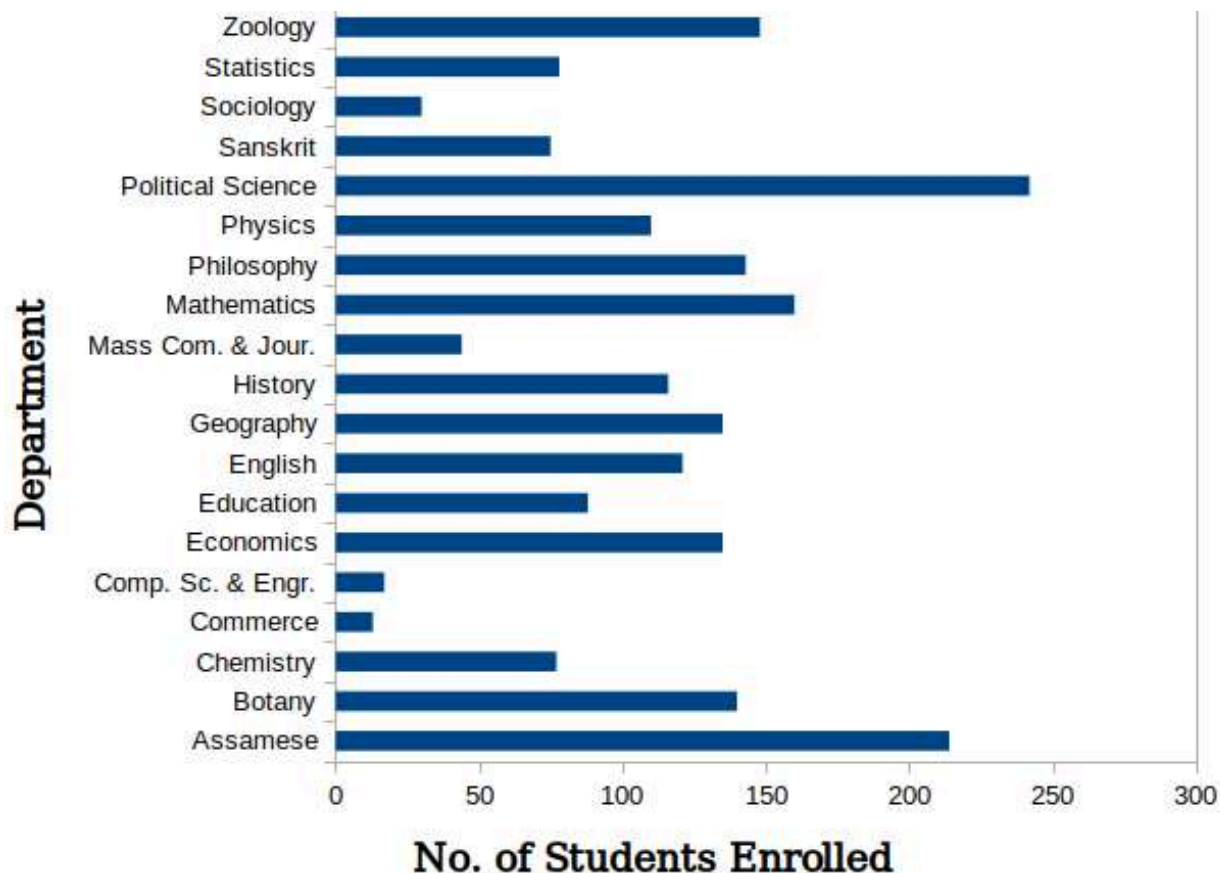

2. Postgraduate Admissions : Eligibility: A Bachelor's degree with Honours/Major in the relevant discipline from a recognized university, with at least 50% marks. Selection Criteria: Candidates must qualify in the PG entrance examination conducted by Bhattadev University

3. Ph.D. Admissions : Eligibility: A Master's degree in the relevant field. Selection Criteria: Candidates must qualify in the Ph.D. entrance examination conducted by Bhattadev University
