&

**IQAC, Bhattadev University**

submitted

by

**Department of Physics  
Bhattadev University**

**Occasion :** Celebration of National Space Day, 2024  
**Theme:** Artificial Intelligence : Its Potentials and Concerns  
**Resource person :** Mr. Swapnajyoti Sarma, Bhattadev University  
**Date :** 23-08-2024 (Friday)  
**Participants :** UG 1<sup>st</sup>, 2<sup>nd</sup> & 3<sup>rd</sup> Physics (H), PG 1<sup>st</sup> Sem Physics, students  
from Zoology and Commerce & Managements  
**No. of Participants Registered :** 57 (Fifty Seven) (list attached)  
**Venue :** Digital Conference Hall (2<sup>nd</sup> floor Library Building)  
**Mode of Celebration :** Presentation and Video casting

**Objective :** The registered students will come to learn

- The recent development in the field of Space Science & technology
- The recent development in the field of Space Science & technology with special reference to India's achievement
- How artificial intelligence guided the soft landing and in situ experiments on the surface of the moon.

**Agenda Items ::**

**Inaugural Session : 1**

Time : 11.00 am

- Inception ( 5 mins)
- Felicitation of the dignitaries ( 5 mins)
- Addressing the gathering by Hon'ble Vice Chancellor, Bhattadev University (15 mins)
- Addressing the gathering by the Registrar i/c, Bhattadev University (10 mins)
- Addressing the gathering by the HoD, Physics Bhattadev University ( 5 mins)
- Declaration of the inauguration

**Technical Session : 2**

Time : 11.40 am

- Conduct of the Written Test (30 mins)
- Felicitation of the Resource Person (5 mins)
- Deliberation by the Resource Person (Swapnajyoti Sarma) (60 mins)

**Light Refreshment**

Time : 1.15 pm

**Session : 3**

Time : 1.30 am

- Video Casting (60 mins)
- Declaration of the Results Prize Distribution (15 mins)
- Vote of Thanks (5 mins)

End of the Programme

**Output :**

The day was packed with a variety of activities designed to captivate and educate young minds about the wonders of space. The celebrations began with a special assembly where students were introduced to the significance of National Space Day. They learned about ISRO's achievements and the technological advancements that have propelled India

into the league of spacefaring nations. A video presentation highlighted key moments from the Chandrayaan-3 mission, including the successful landing of the Vikram Lander on the moon's surface, igniting a sense of pride and fascination among the students. To make the event even more memorable, a written test was held, focusing on space science and artificial intelligence. Students participated with great zeal, demonstrating their knowledge and quick thinking. The competition was a hit, with winners being awarded special prizes, including mementos and certificates to inspire them to continue their journey of discovery.

The winners were

1. First Prize :: Mr. Jitul Barman, BSc 3<sup>rd</sup> Sem, Physics
2. Second Prize :: Mr. Anupam Dutta, BSc 3<sup>rd</sup> Sem, Physics
3. Third Prize :: Ms. Sneha Sarma, BSc 3<sup>rd</sup> Sem, Physics  
:: Ms. Jubina Parbin, BSc 3<sup>rd</sup> Sem, Physics

Feedback from Students :

The participants had learned a lot about the recent developments in the field of Space science and Technology. For few of them it was genuinely one of the best programs they've attended. Sarma's presentation style was impressive. He is clearly an expert at his craft. The slides he prepared about types of synthesis, types of design and methods were also really nice to see. His manner is open, low key and thoughtful who is quite comfortable in his own skin, plenty to show and say, doing his best to be of service to the audience. They thanked the organisers for organising such a fabulous workshop not only because they were feeling very educated but also inspired to get creative.
